CHAIRMAN'S MESSAGE

"It is true to the fact that one simply cannot achieve all the things require to clear any defence exam or in other words, the dexterity or skill required to crack any level of examination cannot be automatically acquired."

"The level of the competitive exams has attained a profound increase lately and because of that, aspirants today are becoming more and more aware of the latest happenings and the latest trend of the exam pattern. My advice to those who are somehow novice in all these things is to be aware and never be afraid of any of the formats of the defence examination."

Heartiest Wishes, Capt. Om Prakash Singh (Retd.)
