ABOUT NDDA

Known for its unique method of teaching and training, NDDA has spread its wings across India within just four years, producing officers for the defence forces. We have designed a scientific training programme with the help of a proficient, hard-working and disciplined faculty.

We maintain the highest standards of discipline, character building, moral values and physical fitness of candidates to build the primary character of an officer.

CHAIRMAN'S MESSAGE

CAPT. OM PRAKASH SINGH

(RETD.) · CHAIRMAN

"It is true that one simply cannot achieve all the things required to clear any defence exam. The dexterity or skill required to crack any level of examination cannot be automatically acquired.

The level of competitive exams has risen profoundly of late, and aspirants today are becoming more and more aware of the latest happenings and the latest trends in the exam pattern. My advice to those who are somehow novice in all these things is to be aware, and never be afraid of any of the formats of the defence examination.

Heartiest wishes,
Capt. Om Prakash Singh (Retd.)
